Subject: RE: Discussion about next steps - EtO

Good Morning Frances,

I just wanted to check in with you. Do you think Tuesday, 6/8 would work, or should we look at some other options?

Thanks!
Adena

Good Afternoon Frances,

I apologize, but the times listed below are not available. Would you have any time on Tuesday, 6/8? Tonya and TCEQ staff would be able to discuss at 9:30 AM, 10:00 AM, 2:00 PM, or 3:00 PM.

Thank you,
Adena

Tonya,

Jeff and I would like to check your availability for a meeting the week of June 10th to talk about the public outreach for individual areas for EtO. Here are some items to think about:

- How many outreach events
 - Recommend 3 – one in Port Neches area, one in Houston area, and one in Longview area
- Schedule: dates, time, length of meeting
- What type of event: face-to-face, with an open house before/after for individual discussions, virtual
- Publicity
- Involvement of local governments, industry, environmentalists, community group leaders
- General logistics – who is hosting, moderating, coordinating
- Information to be delivered: EtO general info, technical updates, risk specific to area, industry actions since 2016, EPA/TCEQ next steps

For this week, we have availability or an hour-long meeting on:

Wednesday, June 9 at 11 am or

Thursday at 8am or after 3 pm.

Also, Friday is available for most of the staff. There are a few more timeslots for a 30 -minute meeting.

Thank you for your time to coordinate and schedule the meeting, and for all the assistance you and your staff have provided for the EtO projects.

Fran
